

Do you need help to get food?

We know that asking for help from a food bank can feel scary and is usually a last resort but The Welcome Centre is here to help.

We can provide weekly food parcels whilst you try and resolve the financial crisis you are facing.

The Welcome Centre Food Bank and More is an independent charity that can help anyone in South Kirklees. We can supply food, toiletries and household cleaning items.

If you cannot buy the food you need , please contact some one who can support you, for example your GP, teacher, health visitor, housing worker, counsellor, Church or one of the following organisations, who will offer help and make a referral for a food parcel if necessary.
